

Free Adult Coloring Page

Thank you for purchasing this coloring page! Please feel free to print as many copies as you would like for your own use. Coloring is a wonderfully calming activity that soothes the mind and the spirit. Grab a cup of tea or a glass of wine (careful not to spill! -- voice of experience here), turn on your favorite music, make sure that you have plenty of light and set to it.

I ask that you not resell the pattern as your own. This is my livelihood, so please respect the work that it took to get these drawings made and delivered to you. And if you'd like to share this or any free pattern, please do so! Just make sure that you share this whole file (not just the pattern, but include this page, too).

For commercial use of these patterns, please contact me at my website: KatStudio.StayInspiredLLC.com I will be happy to hear from you and we will figure out how I can help to support you and your business.

I would love to see your colored pages! Scan them, take a photo with your phone or camera, or save a file of your digital painting and share it with me and see what others have made at:
